

PATIENT & STAFF STATION/CALL POINT

ANTIMICROBIAL WITH SINGLE PRIORITY

New: More Resilient, Robust and Reliable

The CarePlus™ multifunction Call Point is a flush wall mount unit with a large push button for various nurse call stations. There are several colours and labels for different priorities and alarms, and it comes complete with a reassurance light and tone for patient reassurance. The CarePlus™ Call Point has antimicrobial protection / infection control built into the device to reduce risk and spread of infection, bacteria, and superbugs such as MRSA.

Antimicrobial properties:

- The Lexan material contains built-in, organic antimicrobial protection against serious bacteria. The antimicrobial material achieves a 99% biocidal kill rate for a wide range of bacteria including;
 - Methicillin-resistant Staphylococcus aureus (MRSA)
 - Salmonella enteritidis
 - Escherichia coli (E. coli)
 - Listeria monocytogenes
- The plastic is impregnated with broad spectrum technologies, reducing cross infection against the following micro-organisms;
 - 13 Bacterial
 - 2 Steplomyctes
 - 14 Fungal
 - 3 Yeast
 - 2 Algae
