

PATIENT & STAFF STATION/CALL POINT (WET AREA/PROTECTED AREA)

The CarePlus™ multifunction Call Point is a flush wall mount unit with a large push button for various nurse call stations. There are several colours and labels for different levels and alarms, and it comes complete with a reassurance light and tone for patient reassurance. The CarePlus™ Call Point has antimicrobial protection built into the device to reduce risk and spread of infection, bacteria, and MRSA infections.

Features:

- Reassurance light (active call light)
- Raised colourful Call and Cancel buttons
- Suits 1 gang vertical wall box
- Eliminates dirty pull cords
- Two priorities per call points
- Large easily identified call push button with reassurance light
- Momentary and Latching versions available
- Designed to meet IP66 ratings when terminated with supplied 3M Scotch Locks (waterproof)
- Purpose built for protected areas such as showers, with no exposed electronics
- Antimicrobial properties including; Bacterial, Fungal, Algae and Steplomyctes
